It is not just a book, but it is a companion which gives solutions to all the problems in life for all the people, right from students to elderly people. It also provides stress relief and health benefits from chronic diseases.

Inherently this book has capacity to enhance the skills and creative power of our youth, students and employees to peak level duly safeguarding the ancient culture and tradition of Mother India by disclosing the nature's secrets.

Now I can say confidently that, parents need not worry about the future of their children. I hope this would be a revolutionary change in the field of education, social and culture. It will make a major contribution in enhancing the sanctity and glory of our Nation.

dissatisfaction so that one can enjoy heaven every moment. This is a wonderful way to conquer death without contradicting any of the existing practices or beliefs.

Truly, worldly pleasures are causing troubles in the society and people are suffering due to ignorance of infinite treasure within. Anyone who lives according to yoga can enjoy the treasure of happiness. Yoga is Truth and a scientific method of living but not a belief. Enlightenment is end of illusion but not the end of life. Everything explained in detail in my book. Anyone can go through it and come out of illusion by understanding it in right spirit.

This book depicts that any person with Love, Sacrifice, Unselfishness and Pure Heart can impart Moksha. I am very proud for the book being one of the unique and rarest book in the world. It is a great challenge to the entire society to prove themselves their divine power within.

I have determined to give free coaching through online and give free book for those who are interested. You can register your name by contacting Phone: **+91-8125336806**. (Copyright Registered: LD-32743/2025-CO).
